## About KNC Precious Metal Refinery

Established in 2011, KNC Industries is a trusted precious metal refinery based in Bangalore, Karnataka, specializing in refining Gold, Silver, and other precious metals with the highest standards of quality and precision.

With over 15 years of expertise in manufacturing and precious metal processing, we combine modern refining technology with skilled professionals to deliver dependable refining solutions for businesses across South India.

Every refining process is carried out with complete transparency, secure material handling, and strict quality control, ensuring maximum recovery and exceptional purity.

Whether you are a jewellery manufacturer, bullion trader, or industrial customer, KNC Industries is committed to delivering consistent quality and long-term value.

## Why Choose KNC?

- 15+ Years of Industry Experience
- Advanced Refining Technology
- High Purity Standards
- Transparent Processes
- Secure Material Handling
- Timely Delivery

# COMPLETE PRECIOUS METAL REFINING

— SOLUTIONS —

## Complete Precious Metal Refining Solutions

At KNC Industries, we offer comprehensive refining solutions designed to meet the diverse requirements of jewellery manufacturers, bullion traders, and industrial clients.

### Gold Refining

Refining gold to achieve 99.99% purity using advanced refining processes with maximum recovery.

### Silver Refining

Professional silver refining services producing 99.90% purity for commercial and industrial applications.

### Assaying & Purity Testing

Accurate testing and analysis to determine precious metal purity with complete transparency.

### Melting & Casting

Precision melting and casting into bars, grains, shots, and customized forms.

### Contract Refining

Reliable refining services for jewellers, bullion traders, manufacturers, and corporate clients.

### Scrap & Dore Bar Processing

Efficient recovery of precious metals from scrap materials and dore bars using modern refining techniques.

### Buyback Services

Competitive buyback options for refined precious metals with transparent valuation.

# Our Refined Products

KNC Industries produces premium-quality refined precious metals that meet the highest industry standards for purity and consistency.

## REFINED GOLD

99.99% Pure (24K)
